# bathroom launches 2014

*new bathroom inspiration, style and functionality*

The Nicholls & Clarke Group is a business dedicated to the manufacture and supply of the finest building materials. Founded in 1875 in London, we have grown from servicing the capitals' building trades to becoming the largest privately owned national manufacturer and distributor of fine quality building products.

Quality manufacturing is at the core of our business and comes as standard. We own state of the art manufacturing facilities based across the UK and Central Europe. This gives us the broadest manufacturing capability available, allowing us to offer an extensive portfolio of product, more specialised than that of any of our competitors.

Our distribution network is supported with our private fleet of over 110 commercial vehicles. This gives us full logistical control from the point of manufacture through to delivery to site. We offer a nationwide delivery service, be that to site, home or commercial address. The vast majority of our deliveries are made on a next day basis.

## Bathroom Launches 2014

Whether you are refurbishing an existing bathroom, or creating a new bathroom haven, our new and exciting ranges combine practicality with style. Our new 2014 collection effortlessly complements any room layout, size and space in a home or commercial bathroom for complete flexibility, allowing space to be used creatively.

At Nicholls & Clarke, we offer our customers the complete bathroom solution suited to varying budgets, but where style and quality is never compromised.

## Experience

Established in 1875, Nicholls & Clarke has pedigree that has been developed over many years. Through great heritage, we have gained a depth of knowledge and invaluable experience in the manufacturing and supplying of sanitaryware products to the construction industry. We have experience across many industries with a huge portfolio of products suited to most project environments.

## Total Solution Providers

As part of the Nicholls & Clarke Group, we have the ability to offer a comprehensive range of products from sanitaryware and bathrooms, to furniture, tiling solutions and much more. We offer the complete package so that you can benefit from dealing with one source, making it easier to design your perfect bathroom.

## Technical Specification Service

This document will make the process of selecting the correct products for the required environment much simpler through information on client needs as well as legislation. If in doubt, our expert team are on hand to guide you in the right direction on specific project queries.

## Environment

As an ISO14001 company, sustainability is a core part of our company agenda. As well as various carbon offsetting programmes in place, we invest a great deal in manufacturing and developing solutions dedicated to water conservation. Our products are approved by the Water Regulatory Association (WRAS) and the Water Regulators Council (WRC) to ensure our products continue to deliver quality as standard to all customers.

## Inventors & Innovators

Nicholls & Clarke continue to be at the forefront of innovation, embracing new technology within the industry and better defining our portfolio with products that perform, but where style and quality are at its peak. As inventors, we continue to engage in research and development and understand industry and customer requirements in order to present solutions that overcome day to day problems.

## Research & Development

Prior to our products going to market, we undergo rigorous testing to ensure that performance is to a high standard. All products are tested to meet the relevant standards and regulations.

## 24 Hour Nationwide Delivery

Nicholls & Clarke are unique in being able to offer nationwide, next day delivery, even when you order up to 5pm the day before\* and there is no minimum order requirement. We operate out of 16 branches nationwide so can offer localised delivery, and with over 60,000 product lines you also have the option, in most cases, to collect.

## Customer Care

We aim to provide you with an outstanding level of customer service that will help to further enhance the service you offer to your clients. We monitor our performance levels and strive to achieve 100% client satisfaction. We believe that open channels of communication with our customers, coupled with their feedback are a sure way of further improving our customers buying experience.

# Life

## Small Bathroom, Big Ideas...

It is easy to assume that a bathroom with limited space or an awkward layout suggest that you can only install the bare essentials, resulting in discomfort and little to get inspired about.

Bring your bathroom to life with our impressive new Life range that helps you make the most out of your existing space. The range uses intelligent solutions created using a mix of geometric shapes and asymmetric lines to create functional, ergonomic and flexible solutions for those hidden, unusable spaces. Life not only boasts functionality and innovation. It's contemporary designs, quality finishes and eye catching, inspirational colours means you can have a beautiful, on-trend bathroom to be proud of.
