

N&C

Sanitaryware
collection

The Nicholls & Clarke Group of Companies is a business dedicated to the manufacture and supply of the finest building materials. Founded in 1875 in London, we have grown from servicing the capitals' building trades to becoming the largest privately owned national manufacturer and distributor of fine quality tiles, bathrooms and related products.

Quality manufacturing is at the core of our business. We own state of the art manufacturing facilities based across the UK and Central Europe. This gives us the broadest manufacturing capability available, allowing us to offer an extensive portfolio of product more specialised than that of any of our competitors.

Our fifteen distribution centres are strategically placed to provide full coverage within all areas of the United Kingdom. This distribution network is further supported with our private fleet of over 100 commercial vehicles. This gives us full logistical control from the point of manufacture through to delivery to site. We offer a Nationwide delivery service be that to site, home or commercial address. The vast majority of our deliveries are made on a next day basis.

Sanitaryware Collection

Our Sanitaryware Collection has been designed specifically to deliver quality bathroom products at competitive prices. Our modern, sleek range of products has been developed with the increasing needs of today's marketplace in mind with design to suit all tastes. All our sanitaryware, taps and showers are approved by the Water Regulatory Association (W.R.A.S.) and the Water Regulators Council (W.R.C.), to ensure that we continuously deliver quality products, as standard, to all our customers.

The Sanitaryware Collection is part of our broad portfolio of bathroom products under the Nicholls & Clarke Group of Companies where sustainability is a core part of the company agenda. As a result, we have continued to invest in product development and solutions dedicated to water conservation, such as waterless systems, Ecoflow cartridges in taps and mixers, through to reduced water consumption and capacity in toilets and bathtubs.

Pure Range

A high end bathroom suite that represents the epitome of style and trend with bold curves for a high quality, contemporary bathroom

Freedom Two

A minimalist shower screen that provides a stylish addition without detracting from the contemporary wet room look. The integrated assistance pole is both elegant and unobtrusive.

Finesse Two

This frameless, elegant design will enhance any showering space by enabling freedom of movement unhindered by traditional enclosure frames. Suitable for shower tray or wet room installation.

Enhance

Enhance brings together an innovative and stylish collection of shower and wet room panels with the advanced technology of the integrated thermostatic digital shower to bring you the ultimate in showering pleasure.

Fluidity

The Fluidity Sliding door shower system with soft close door. This elegant and contemporary shower screen system has all the features and benefits of a traditional shower enclosure but with no floor channel, thus allowing a barrier free entry into the shower area.

Astro

Our collection of contemporary shower enclosures designed specifically for the typical bathroom, with a collection of bi-fold, pivot, sliding doors and quadrant enclosures.

Bath Screens

Our elegant bath screens are suitable for most standard baths and have an attractive chrome finish frame with a frameless screen for a seamless look. All our screens are available in a minimum of 6mm toughened glass and are all kite marked for safety assurance.

Premier Linear Shower Decks

Nova Shower Trays

Our large range of shower trays are the ideal solution for clients that are looking for versatility in their choice of installation options.

Nova Flat Top

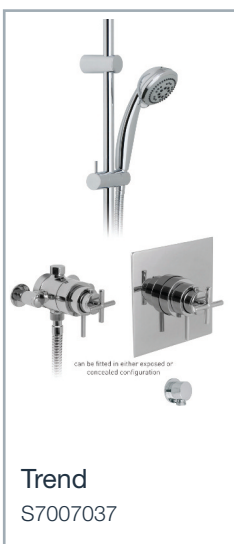

Nova Easy Plumb

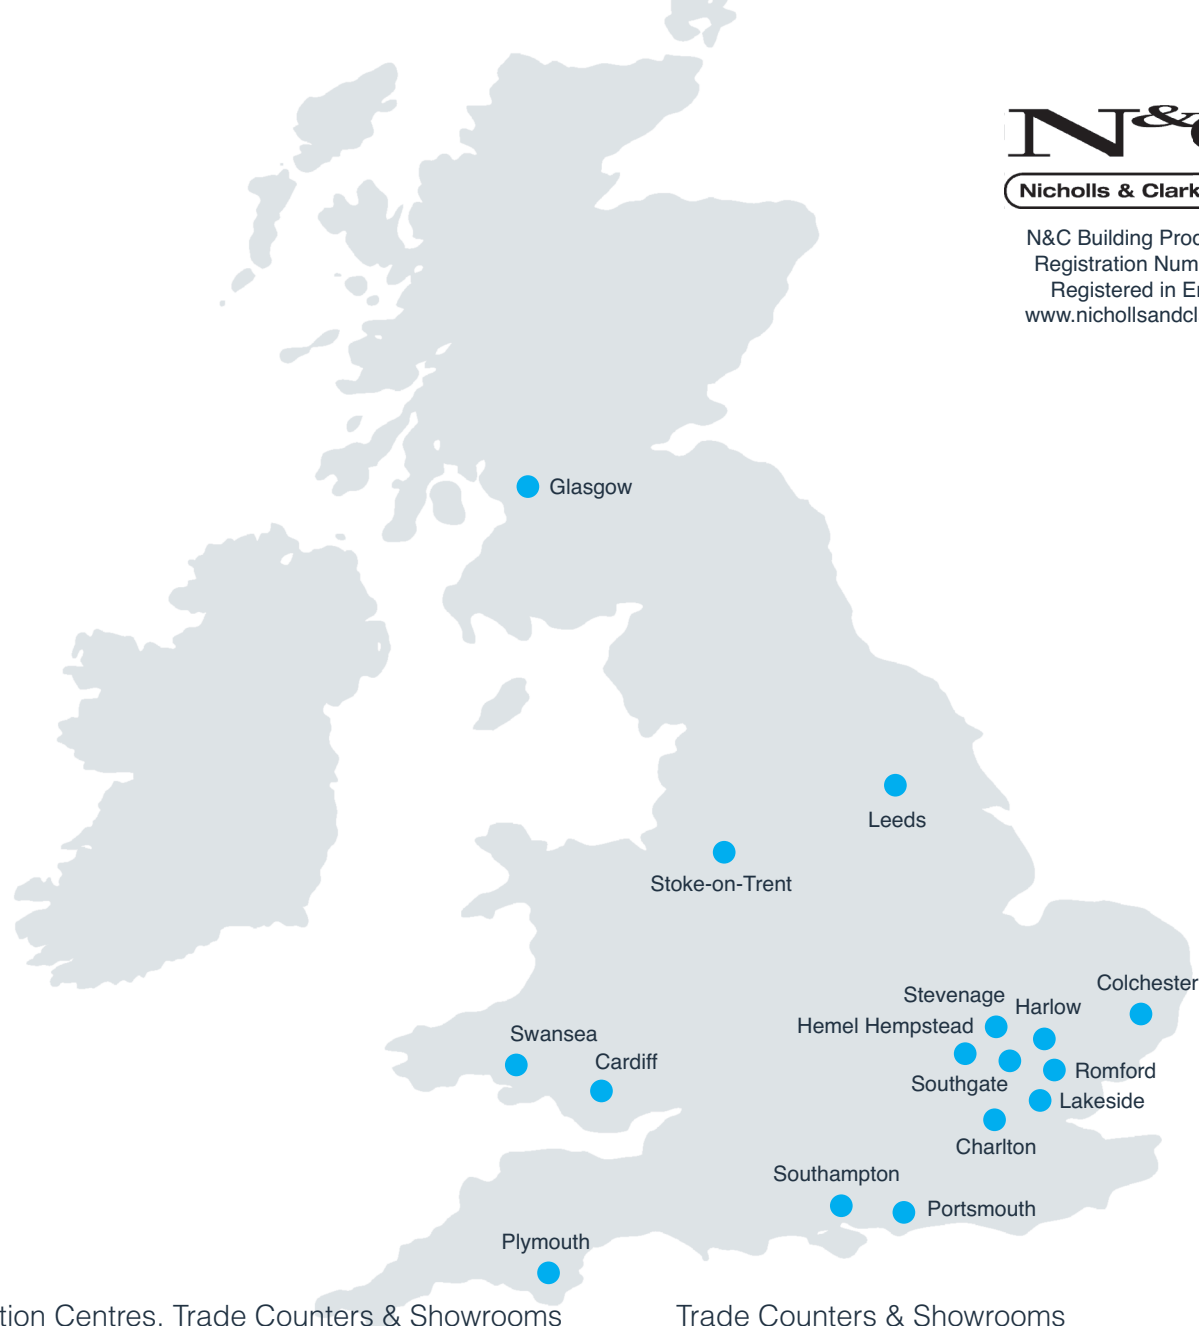

Nova Low Profile

Shower Mixers

We offer the most comprehensive range of thermostatic mixer showers where hot water temperature is controlled and stabilised to avoid the potential for scalding.
