Bathroom Launches 2017

bathroom inspiration, style and functionality

The Nicholls & Clarke Group is a business dedicated to the manufacture and supply of the finest building materials. Founded in 1875 in London, we have grown from servicing the capitals' building trades to becoming the largest privately owned national manufacturer and distributor of fine quality building products.

Quality manufacturing is at the core of our business and comes as standard. We own state of the art manufacturing facilities based across the UK and Central Europe. This gives us the broadest manufacturing capability available, allowing us to offer an extensive portfolio of product, more specialised than that of any of our competitors.

Our distribution network is supported with our private fleet of over 110 commercial vehicles. This gives us full logistical control from the point of manufacture through to delivery to site. We offer a nationwide delivery service, be that to site, home or commercial address. The vast majority of our deliveries are made on a next day basis.

Sanitaryware Collection

Our Sanitaryware Collection has been designed specifically to deliver quality bathroom products at competitive prices. Our modern, sleek range of products has been developed with the increasing needs of today's market place in mind, designed to suit all tastes and requirements. All of our sanitaryware, taps and showers are approved by the Water Regulations Advisory Scheme (W.R.A.S.) to ensure that we continuously deliver quality products, as standard, to all of our customers.

This Sanitaryware Collection is part of our broad portfolio of bathroom products, under the Nicholls & Clarke Group, where sustainability is a core part of the company agenda. As a result, we have continued to invest in product development and solutions dedicated to water conservation, as well as reduced water consumption and capacity in toilets and bath tubs.

Experience

Established in 1875, Nicholls & Clarke has pedigree that has been developed over many years. Through great heritage, we have gained a depth of knowledge and invaluable experience in the manufacturing and supplying of washroom products to the construction industry. We have experience across many industries with a huge portfolio of products suited to most project environments.

Total Solution Providers

Part of the Nicholls & Clarke Group, we have the ability to offer a comprehensive range of products from sanitaryware, cubicles and showers, to ironmongery, tiling solutions and much more. We offer the complete washroom package so that you can benefit from dealing with one source, making it easier to co-ordinate project supplies.

Technical Specification Service

This document will make the process of selecting the correct products for the required environment much simpler through information on client needs as well as legislation. If in doubt, our expert team are on hand to guide you in the right direction on specific project queries.

Environment

As an ISO14001 company, sustainability is a core part of our company agenda. As well as various carbon offsetting programmes in place, we invest a great deal in manufacturing and developing solutions dedicated to water conservation. These include new waterless systems, reduced flush and flow modifying solutions. Our products are approved by the Water Regulations Advisory Scheme (WRAS) to ensure our products continue to deliver quality as standard to all customers.

Inventors & Innovators

Nicholls & Clarke continue to be at the forefront of innovation, embracing new technology within the industry and better defining our portfolio with products that perform, but where style and quality are at its peak. As inventors, we continue to engage in research and development and understand industry and customer requirements in order to present solutions that overcome day to day problems.

Research & Development

Prior to going to market, we undergo rigorous testing of all our products to ensure that performance is to a high standard. All products are tested to meet the relevant standards and regulations.

24 Hour Nationwide Delivery

Nicholls & Clarke are unique in being able to offer nationwide, next day delivery, even when you order up to 5pm the day before* and there is no minimum order requirement. We operate out of 17 branches nationwide so can offer localised delivery, and with over 60,000 product lines you also have the option, in most cases, to collect.

Customer Care

We aim to provide you with an outstanding level of customer service that will help to further enhance the service you offer to your clients. We monitor our performance levels and strive to achieve 100% client satisfaction. We believe that open channels of communication with our customers, coupled with their feedback are a sure way of further improving our customers buying experience.

*subject to terms and conditions

A business dedicated to a sustainable future

The environment matters. N&C Building Materials are committed to a continuous programme of improvement in this important area of business. We have an environmental committee which meets regularly to assess our performance and levels of progress. We train all our people to be environmentally aware in the workplace as we can all make a difference on a daily basis.

As manufacturers and distributors, Nicholls & Clarke has made a corporate commitment to improving its environmental performance through an Environmental Policy. This will provide the framework for all our work, whether it is in relation to energy efficiency, sustainable waste management or sustainable transport. A committee (Environmental Committee) will implement this policy by developing programmes of work that constitute an Environmental Management System.

The Environmental Committee will monitor the effectiveness of its policies and actions.

Together, we will promote the best use of environmental practice and more particularly Nicholls & Clarke will:-

- Continuously improve environmental performance
- Reduce consumption of resources
- Measure and take action to reduce the carbon footprint of business activities
- Ensure environmental criteria are taken into account in the procurement of goods and services
- Encourage staff involvement in environmental issues
- Expect similar environmental standards from all business partners
- Meet or exceed all environmental legislation that relates to the business

To meet these commitments Nicholls & Clarke will:-

- Set and monitor strategic objectives and targets for managing environmental performance
- Communicate internally and externally this commitment and environmental performance
- Work together with staff and business partners to promote improved environmental performance
- Review the environmental policy regularly

Bathroom Suites

Our WC Suites help to create your bathrooms identity. With our wide range of choice, we can make your dream bathroom become reality at competitive prices. For style, quality and function be sure to take a look at what we have to offer.

Bathroom Furniture

Take a look through our beautiful on-trend selection of bathroom furniture to create a stylish look within your bathroom. All products have been designed with the end user in mind, ensuring we have a range of products to suit everybody's needs and requirements. Find the best furniture option for your personal space throughout our collection.

Synergy - Bathroom Furniture

Create your dream bathroom with endless design possibilities with our range of Synergy Bathroom Furniture.

Our modular, wall mounted furniture adds flexibility, style and class to any bathroom interior.

Regardless of the room layout, we have a broad range of furniture options suited to your space.

Select your colour...

The colour of your furniture is really important within the thought of a new bathroom design.

To ensure you have a consistent and effective look we would advise you to select the colours you will be using on your walls and floors before choosing the colours for your furniture as you want your room to be matching and stylish.

Select your finish...

Selecting your finish can make a huge impact to the look of your new design. This range of furniture is available in a matt, gloss and wooden finish, all of which are extremely stylish.

Matt finishes are often implemented on a detailed wall, whereas gloss and wooden finishes are normally used as a feature on a plain, simple wall to create a minimalist yet effective look.

Select your configuration...

The arrangement of your furniture is key when redecorating. Ideally the layout should be one of the first thoughts you have to determine space and what you need to complete your new look.

It's important that you try not to clutter your room with furniture however are able to fit in everything you need. Therefore, we would highly recommend that you measure your areas along with the furniture which you are looking to buy to ensure everything fits just as you would like it to.

Colours and finishes

Our Synergy Bathroom Furniture range has a variety of colours available to suit your colour requirements. Whether you would like a light colour to brighten up a dark wall or dark furnishings to make a bold statement on a lighter wall.

Modular furniture

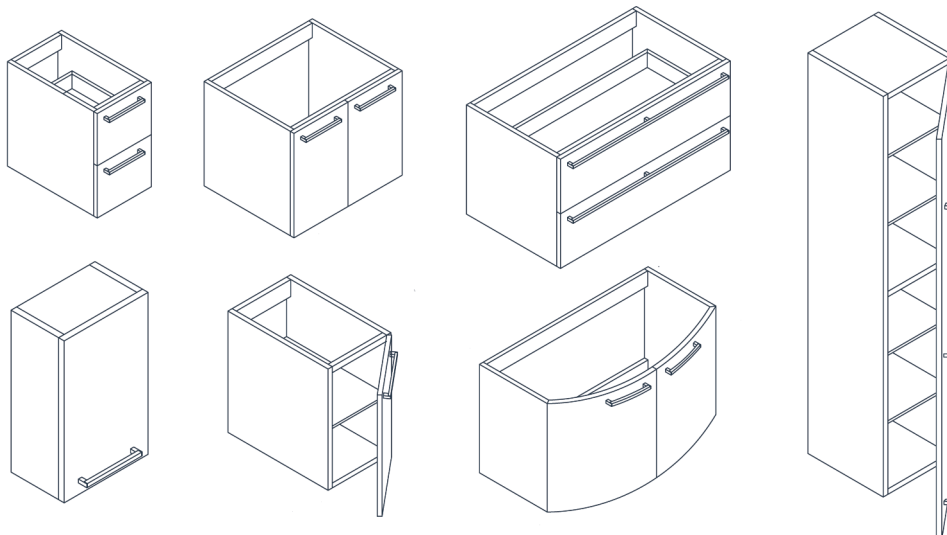

Flexibility is at the heart of the modular range, with an endless choice of co-ordinating colours and configurations. The high quality materials used to manufacture each component ensures durability, quality and attractive looking products. The modular wall hung units allow you to combine the different units to any configuration to suit the requirements of the given space, with our moulded 12mm basin tops to suit.

Basins

Wall Hung Units

Our 12mm cast marble basin tops are made from 75% natural minerals and are available in either matt or gloss finishes.

Our 18mm thick wall hung units are available in either matt or gloss laquer, 3 wood finishes and 6 warm and cool tones that stay true to the Synergy concept. The units are modular, allowing complete flexibility in the chosen configuration with basins to suit. All units feature a soft close mechanism as standard,

Total Solution *provider*

WETROOMS

As manufacturers of the complete system, N&C offer every component required to create a stylish, level access showering environment.

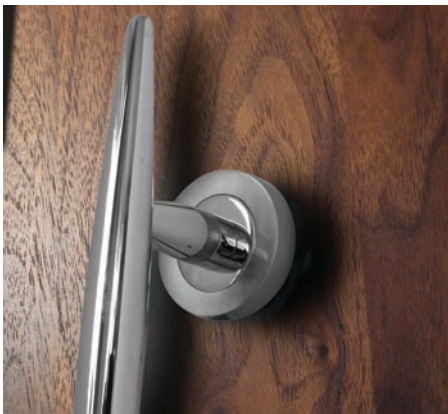

ADHESIVES

We manufacture innovative, high performance adhesives, grouts and tiling systems through our Nicobond brand, within our UK based factory.

WALL & FLOOR TILES

N&C are leading suppliers of award winning ceramic, porcelain and natural stone wall and floor tiles.

IRONMONGERY

As ironmongers since 1875, and as part of the Guild of Architectural Ironmongers, we specialise in everything required in washrooms

FLOORING

As leading manufacturers, we provide quality materials for required safety flooring, such as Altro, vinyl tiles and screeds.

BATHS

From contemporary and classic, we have a broad collection of baths in a range of shapes and styles perfect for hotels.

INDEPENDENT LIVING

Through our Phlexicare brand, N&C are leading manufacturers and distributors of independent living solutions designed for people with all levels of abilities, covering accessible showering, multi user kitchens and more.

DECORATING

Our builders merchant division offers all the popular trade brands for decorators and building professionals.

GLASS & GLAZING

As the UK's leading independent supplier of commercial and domestic glass and glazing products, we can offer unrivalled solutions at competitive prices.

Contact your local branch or Sales Representative for dedicated literature.
